Tom,

I won't have any time until Friday to work on these queries. Don't know what progress you've made but I've attached the query form for Chapter 8 in case you have time before me to finish it off.

Dave

Subject: FW: queries for Chapter 7

Good morning Dave, Tom,

I hope you can get these queries to Shikha later today. I was expecting this bit to be wrapped up last week.
Tom, I'm around all week with only one meeting (tomorrow at 10AM), so if you need to chat, please feel free to call anytime.

Best,
Jen

Submit a session proposal for the SETAC North America 35th Annual Meeting at vancouver.setac.org. The meeting will be held from 9-13 November 2014 in Vancouver, BC, Canada.

The Society of Environmental Toxicology and Chemistry (SETAC) is a not-for-profit, worldwide professional organization comprised of individuals and institutions dedicated to the study, analysis and solution of environmental problems, the management and regulation of natural resources, research and development and environmental education. Our mission is to support the development of principles and practices for protection, enhancement and management of sustainable environmental quality and ecosystem integrity.
